Deputy Director for Science
and Technology
Central Intelligence Agency
Washington, D. C. 20505

Dear Mr. Duckett:

The business men in last week's conference on government operations were tremendously impressed by this wide-ranging exposure to the Washington scene. They found it a valuable opportunity to bring new perspectives to bear on their thinking and attitudes toward governmental processes. We are very much in your debt for helping us achieve this purpose.

Sincerely,

Peter Malof
